

13 September 1962

Mr. Edgar Laipenieks
2010 South Gaylord Way
Denver 10, Colorado

Dear Ed,

After the rather busy quarterback session, I hope that you have returned safely and enjoyed the opportunity to relax with your family. It is to be hoped that a subsequent visit here will afford you some leisure to see more of the historical surroundings.

We have huddled on the results of your interviews and find them to be apparently very satisfactory. If there is some ancient history with which we are not aware, I choose to regard it as so much water over the dam.

Before you become too wrapped up in coaching this year I would appreciate your writing to your friend in California and try to obtain the name of the gentleman in New York to whom you sent the film. In your letter I would make a passing reference to the fact that in the not too distant future you hope to be in the New York area on athletic matters. A second letter should be written to someone in your former country of residence and try to learn the address of Mr. Treknais. If the first effort to locate the man in New York fails, then you can write Mr. T. directly for the information. Here again you might mention an impending visit to New York and a desire to make the acquaintance of the gentleman there. At this time it is not necessary to locate the girl in Australia. Sometime in November one of us will possibly see you at your convenience and try to tie up any loose ends that come to mind.

Enclosed herewith is \$125.00 towards your loss of salary during the past week. Also enclosed is \$44.07 to cover the cost of the enclosed telephone bill. It seems best to return it to you and have you pay it locally. Please thank Juris for his help in this matter.

As a last and final matter, I would be pleased to learn your intentions as to whether you intend to apply for U. S. citizenship upon the expiration of your minimum required period of residence in the U. S. This answer need not be forthcoming at once, but as a matter for the record we would like to have the same in the near future.

- 2 -

Again let me say that we appreciate your efforts on our behalf and your willing cooperation in giving us of your time. My colleagues join me in wishing you a successful season as a coach and favorable response on your several applications now pending.

Yours truly,

P.S. PLS RETURN THE RECEIPTS.
